

Trane CleanEffects™ Family Testimonials

Below you will find comments from some of the first families to install Trane CleanEffects™ in their homes. Read on to learn about the benefits they have experienced as a result.

Allergy and Asthma Relief

- “I haven’t had any asthma problems in a while, and as it relates to allergy symptoms, would rate my overall health as a nine out of 10.”

– Valerie K., Wilmette, Ill., Trane CleanEffects Owner since 2006

- “My wife benefits the most from the Trane CleanEffects unit. She has allergy problems, and since we installed Trane CleanEffects, she can tell if it’s not running when our system is off for even just a couple of hours. That’s why we have it on all the time.”

– Ray J., Flowery Branch, Ga., Trane CleanEffects Owner since 2006

- “We have less dust in our house – a lot less dust. I also have two inside dogs and a 28-pound cat, and I don’t see their hair around the house, and I don’t have trouble with their dander either. I’ve had people in my house with pet allergies, and they don’t have any issues while they’re here.”

“I love Trane CleanEffects. I see the benefit of it, and having only a portable air filter before, think Trane CleanEffects has been a blessing. If anyone has allergies or breathing problems, installing a unit would definitely help. No question.”

– Phyllis P., Waco, Ga., Trane CleanEffects Owner since 2006

- “All of us had respiratory issues, with my son’s being severe (he took medication every night). Since we got Trane CleanEffects, he has not used the medication at all.”

– Gina G., Miami, Fla., Trane CleanEffects Owner since 2006

Cold and Flu Symptom Relief

- “Our family’s flu and cold symptoms are nearly non-existent. My husband and son haven’t been sick since we installed Trane CleanEffects. I have only been sick once and that was because I was on a plane and sitting next to someone with a cold. I used to get sick every winter, and I don’t anymore.”

– Valerie K., Wilmette, Ill., Trane CleanEffects Owner since 2006

- “I’ve only had one severe cold since we’ve had Trane CleanEffects installed.”

– Ray J., Flowery Branch, Ga., Trane CleanEffects Owner since 2006

- “My granddaughter is eight now—she lives with me and was about six when the Trane CleanEffects unit was installed—she had bad asthma, bronchitis and pneumonia all of her life, but since we put the Trane CleanEffects unit in, she’s only had one case of pneumonia.”

“On a scale of one to 10, I would say our overall family health is between nine and 10, really pushing 10.”

– Phyllis P., Waco, Ga., Trane CleanEffects Owner since 2006

- “On a scale of one to 10, I would rate our overall family health as a 10. We haven’t had any cold, flu or allergy symptoms since we installed Trane CleanEffects.”

– Gina G., Miami, Fla., Trane CleanEffects Owner since 2006

“On a scale of one to 10, I would say our overall family health is between nine and 10, really pushing 10.”

– Trane CleanEffects Family since 2006, Waco, Ga.

Indoor Air Quality and System Performance

- “I think Trane CleanEffects is great, and I would totally recommend it. Right before you called me someone else called and offered to clean our vents. I said I didn’t need them to come because of our Trane CleanEffects unit. The unit is good and is doing its job.”

– Valerie K., Wilmette, Ill., Trane CleanEffects Owner since 2006

- “I was using a filter before (I don’t remember the brand), but Trane CleanEffects is better than the one I had. In fact, it’s the best I’ve ever used. As far as the dust improvements, Trane CleanEffects does a good job there as well. We have less dust in our home.”

– Ray J., Flowery Branch, Ga., Trane CleanEffects Owner since 2006

- “When we have to clean the filter we can tell without even looking at the indicator light that the air quality in our home is starting to level off. But as soon as the filter is cleaned, the air quality is great again. Overall, I don’t think we could have asked for a better experience with Trane CleanEffects.”

– Gina G., Miami, Fla., Trane CleanEffects Owner since 2006

- “Four days after we installed Trane CleanEffects, wildfires ignited in San Diego and thick smoke found its way inside almost every building. We were evacuated from our home, but upon returning, found the air inside our house to be pristine. It was unlike the air outside, which was covered in ash and soot. There was no effect of the fires for us inside; we couldn’t smell the smoke and our home’s air quality was perfect. We checked the filter after the fires, and having been installed just four days, it was absolutely filled with black soot. It really did a good job keeping the smoke out of our house. Our neighbors noticed how clean our air was as well, and within a few weeks, without even shopping around first, they installed Trane CleanEffects in their homes.”

– Todd B., San Diego, Calif., Trane CleanEffects Owner since 2007
